Bluetooth Pairing

Step 1: Open the upper cover of the charging case and take out the headset, Light flashes red and blue, the earphone turned on.
Step 2: After 1s, you will hear 'di', and light flashes only blue on both earphones. now the headset automatic paired each other.

Step 3: Open your smartphone or other Bluetooth device, Simply open up the Bluetooth menu in your device and search for TWS. As soon as it appears click on it and the headsets will be paired with your device automatically. Once it's connected, the light will be off.

Step 4: Listen to music and enjoy.
(Note: If the TWS cannot connect, it need turn off the earphone first (put it back to the charging box or long press until it turn off), then turn on and double click the right side of multi-function button, when the blue light flashing slowly on both earphone, that means TWS connect successfully.
Using a single headset:

Step 1: Open the upper cover of the charging case and take out any one of the headset, the headset will automatic turn on.

Step 2: Now the headset will flash red / blue. Simply open up the Bluetooth menu in your device and search for TWS. As soon as it appears click on it and the headsets will be paired with your device automatically.

Automatic pairing:

After the headsets are paired once with your device they will be automatically paired next time and this thanks to the Bluetooth chip available in the headset.

In other words you do not need to search for your headsets the next time you wish to pair them with your device the headsets are paired with your phone or Bluetooth device automatically.

Battery indicator:

Shows the battery level remaining when the headphones are paired with your smart phone.

Multi-function Button Control (Main Button):

- 1.Pause/start music: Click 2 times on L/R earphone.
- 2.Last song: Click 3 times on Left earphone.
- 3.Next song: Click 3 times on Right earphone.
- 4.Siri function: Long press 2 seconds on L/R earphone.
- 5.Receiving or hang up call: Click 2 times on L/R earphone.
- 6.Reject call: Long press 2 seconds on L/R earphone.

Charging: When you plug both headsets into the supplied charging box, it lights up first red when charging and turn to blue when the headsets are fully charged. The headsets are magnetic as well as the charging box connector for long lasting usage. Meaning when plugged in the charging box the headsets will not fall out easily out of the charging box.

About the charging box: the charging box flashing red when it charging. Once full charged the light will be red and stop flashing.
